ENHANCEMENTS AND REPAIRS

Pinnacle Series

Browser

System access occurs through the browser, and admin browser via your internet browser, with permissions contingent on the user's platform access level.

Enhancement

✓ **New Pinnacle Series Deployment Guide**

- Unlock the full potential of Pinnacle Series with our deployment guide.
- From system requirements to advanced configurations, follow our step-by-step roadmap for a seamless experience.
- **Explore key topics like:**
 - Accessing our support help desk
 - Generating installation log files
 - Mastering user management
 - Refining platform permissions
 - Integrating advanced features and more
 - Troubleshooting Tips
- Discover helpful resource links for added guidance along the way.

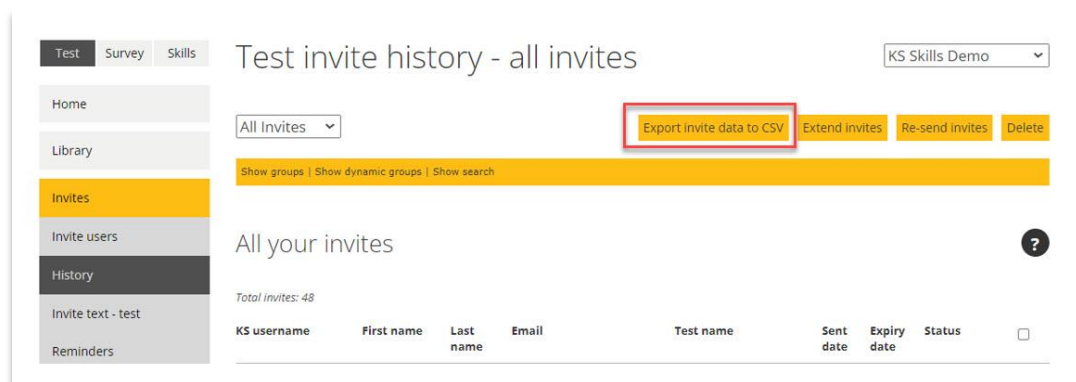

KnowledgeSmart

KnowledgeSmart Enhancements:

✓ Invite Exports

- We updated the invites CSV exports for Skills assessments, General surveys, and Skills audits, adding 'self-invite' status and aligning all fields for a more consistent display of invite history data.

Survey reminders

Total invites: 26

KS username	First name	Last name	Email	Survey name	Sent date	Expiry date	Completion date	Status
-------------	------------	-----------	-------	-------------	-----------	-------------	-----------------	--------

✓ Invite text editor

- We added the updated text editor tool on the Invites pages for Skills assessments, General surveys, and Skills audits. We also tidied up the spacing of the invite body text to remove unwanted white spaces between lines of text.
